DOCKET FILE COPY ORIGINAL

Before the FEDERAL COMMUNICATIONS COMMISSION Washington, DC 20554 RECEIVED

In the Matter of)	APR I 5 2004
Amendment of Section 73 202(b), Table of Allotments FM Broadcast Stations. (Hagerstown and Myersville, Maryland))))	MM Docket No. OF THE SECRETARY RM
To: Office of Secretary Attn: Chief, Audio Division Media Bureau		

PETITION FOR RULE MAKING

Manning Broadcasting, Inc. ("Manning"), licensee of WARX(FM), Channel 295B, Hagerstown, Maryland, by its undersigned attorneys and pursuant to Section 1.401 of the Commission's rules, hereby petitions the Commission to amend the FM Table of Allotments, Section 73.202(b) of the Commission's rules, to reallot Channel 295B from Hagerstown, Maryland to Myersville, Maryland and to modify the license of WARX(FM) to specify Myersville as its community of license. Specifically, Manning requests that the FM Table of Allotments be amended as follows:

Community	Present	Proposed
Hagerstown, Maryland	284B, 295B	284B
Myersville, Maryland		295B

In support of this Petition, Manning states as follows:

Technical Considerations

1. The requested reallotment of Channel 295B to Myersville is mutually exclusive with WARX(FM)'s currently authorized allotment at Hagerstown. See Exhibit A hereto. Therefore, the proposed reallotment complies with the requirements of Section 1.420(1) of the

No of Copies rec'd 0+2
List ABCDE MB-7m
04-87

Commission's rules and is not subject to any competing expressions of interest. See Modification of FM and TV Authorizations to Specify a New Community of License, 4 FCC Rcd 4870(1989), recon granted in part, 5 FCC Rcd 7094 (1990). In addition, the proposed reallotment will enable Manning to provide the community of Myersville, an incorporated town that is not located within any urbanized area, with its first local aural transmission service without depriving Hagerstown of local broadcast service. Finally, because the proposed reallotment does not involve a site change, no existing listeners will be deprived of reception service.

Policy Considerations

In determining whether to approve a change of community, the Commission will compare the existing versus the proposed arrangement of allotments using its FM allotment priorities, which are: (1) first full-time aural service; (2) second full-time aural service; (3) first local service, and (4) other public interest matters. Co-equal weight is given to priorities (2) and (3) *Revision of FM Assignment Policies and Procedures*, 90 FCC 2d 88 (1982), *recon. denied*, 56 RR 2d 448 (1983) Because no transmitter site change is being proposed, the first two allotment priorities are irrelevant. As noted above, however, the community of Myersville currently has no local aural transmission service. On the other hand, Hagerstown currently is served by WARX(FM) as well as four other radio stations, commercial stations WARK(AM), WJEJ(AM), and WAYZ-FM and noncommercial educational FM station WETH(FM). Thus, Hagerstown will continue to have local aural transmission service upon grant of the requested reallotment. Since the proposed reallotment will fulfill Priority 3 of the Commission's allotment priorities by providing Myersville with its first local transmission service, while retention of the

channel in Hagerstown will only trigger Priory 4, grant of the proposal will result in a preferential arrangement of allotments and is therefore in the public interest.

- 3. Moreover, the Town of Myersville has the social, economic, and cultural characteristics of a community and warrants a first local aural transmission service. Myersville, which is located halfway between Hagerstown and Frederick in western Frederick County, has a population of 1,382 people according to the 2000 U.S. Census and has its own post office and zip code (21773). The town, which was incorporated in 1904 by an Act of the General Assembly of Maryland, is governed by a mayor and five council members and has its own Planning Commission and Board of Zoning Appeals Moreover, the town provides water and sewer service to its residents and has its own volunteer fire department, the Myersville Volunteer Fire Company, two preschools, and an elementary school, Myersville Elementary School, which is part of the Frederick County Public School system. Town law enforcement is provided primarily by the resident county deputy assigned to Myersville on a part-time basis through the Resident County Deputy Program of the Frederick County Sheriff's Office. Myersville, along with the Town of Middletown, contracts with the Sheriff's Office for the services of one part-time deputy. The community shares this deputy with the Town of Middletown and pays half the cost of the deputy's services See Exhibit B hereto.
- 4. Myersville also includes several parks, churches, including Myersville Baptist
 Church and Myersville Church of the Brethren, and community service organizations, including
 the Myersville Homemaker's Club, the Myersville Junior Baseball League, Inc., and the
 Myersville Lions Club. *See* Exhibit B. The community includes numerous businesses that serve
 its residents, including the C. Basil Grossnickle Insurance Agency, First United National Bank
 and Trust, Doggett Home Improvement, Fisher's Family Restaurant, Lee DeLauter & Sons, Inc.,

MEC, Inc., Myersville Exxon, Myersville Sunoco, Palmer Animal Hospital, Ross General Store, Schaffert Construction Company and Wunder Banjo Company._Id. Awarding a radio station as a first local service to a community the size of Myersville and with its indicia of community status is entirely consistent with Commission precedent. See, e.g., Monahans and Gardendale, Texas, 15 FCC Rcd 10274 (MM Bur. 2000) (granting request for reallotment of Channel 271C from Monahans to Gardendale, Texas, where Gardendale, a community of 1,103 people, would receive its first local service and Monahans would also continue to have local service); see also Ehrenberg, Arizona, DA 03-3230 (released Oct. 24, 2003) (granting request for allotment of Channel 286C2 to Ehrenberg, Arizona, a Census Designated Place with 1,357 people).

- 5. Finally, the Town of Myersville is not located within any Urbanized Area. While the town is located between, but outside of, the Hagerstown, Maryland-West Virginia-Pennsylvania Urbanized Area and the Frederick, Maryland Urbanized Area, WARX(FM) is not moving into either area since Manning is not proposing a change in the station's transmitter site. See Georgetown and Garden City, South Carolina, 12 FCC Rcd 13394, ¶ 4 (1997).
- 6. If the proposal set forth herein is adopted, Manning will expeditiously submit a minor change application for a construction permit specifying the new facility at its currently authorized transmitter site and, once its construction permit is granted, will proceed promptly to file an application for a covering license for the station licensed to Myersville.

Conclusion

Grant of the instant proposal will result in a preferential arrangement of allotments as it will permit WARX(FM) to provide a first local aural transmission service to a community currently without such service without depriving Hagerstown of local transmission service or any listeners of existing reception service. For these reasons, Manning respectfully requests that the

Commission promptly initiate the rule making requested herein to amend Section 73.202(b) of the Commission's rules, the Table of Allotments for FM Broadcast Stations, to reallot Channel 295B from Hagerstown to Myersville, Maryland, as the latter community's first local aural transmission service.

Respectfully submitted,

MANNING BROADCASTING, INC.

Myersville is strategically located halfway between Frederick and Hagerstown, with convenient access from Interstate 70 to the south and US Route 40 to the north, yet nicely buffered from both by a mile of local road. That outstanding location and beautiful, hilly terrain combined to make the town an attractive location for residential development during the last decades of the 20th century.

The century started similarly for Myersville when the last section of the Frederick-Hagerstown electric trolley line was completed through Myersville in 1904, but that 29-mile scenic railway was shut down in 1938.

Today, Myersville takes care to ensure by ordinance and zoning control that its attractive location is matched by attractive development. The Canada Hill development pictured across these pages is an example. Three other developments built in the 1990s—Ashley Hills, Meadowridge, and Terraces of South Mountain—exemplify the same standards of appearance set by the town

Myersville has a vigorous public park policy to complement the high environmental standards it encourages in the private sector. Its five park areas range from the intimately scaled Trolley Park in the center of town to the fully developed Myersville Municipal Park with its playground equipment, basketball and tennis courts, and baseball field. Grindstone Park, about two miles west of town, is designed for family picnics, with grassy swards, picnic tables, and a pavilion. Doubs Meadow is scheduled to augment the recreational facilities at the Municipal Park within the next few years, and the steep slopes and wooded floodplain of Ashley Park along Catoctin Creek will remain to be enjoyed in their natural state

Local Government Information

The Town of Myersville, located in Frederick County, was incorporated by an Act of the General Assembly of Maryland in 1904. The organization of the Town government, how it conducts business, and the responsibilities and authorities of the various elected and appointed officials are specified in the Town Charter. The Mayor and five Council members, one of which serves as Assistant Mayor and one as Secretary, are each elected to four year terms of office. Municipal elections are held on the second Tuesday of May in even numbered years. Currently, the elected officials (with the year their term expires) are:

Mayor, and President of the Council: Wayne Creadick (2004)

Council Vice President: Gary DeMoss (2006)

Council:

- Paul N. Leatherman III (2006)
- Mark Hinkle (2004)
- Kevin Self (2004)
- Jeff Woods (2006)

The Town also has several employees, including Town Clerk and Treasurer Raymond Hinkle and Administrative Specialist Kathy Gaver. Town offices are located on the first floor of the municipal center on Harp Place. The office is open from 8 a.m. to 4 p.m. Monday through Friday (except holidays). The phone number is 301-293-4281.

Regular Town Meetings are held on the second Tuesday of each month at 7 p.m. in the first floor meeting room of the municipal center. Special meetings, workshops, or hearings are scheduled when needed. Notices are published in the Middletown Citizen.

The **Myersville Code of Ordinances** was approved on August 10, 1999 and became effective on August 31, 1999. The Code repealed and re-enacted all existing Town ordinances, consolidating them in one document and re-organizing them by topic. Click here to view or download Myersville ordinances.

Town Facilities Information

Parks and Recreation

The Town has five separate areas designated for park and recreational use by the public:

- Myersville Municipal Park This park, located on Harp Place, is developed for active recreational use and includes playground equipment, basketball and tennis courts, and a baseball field. From April through mid-June, use of the baseball field is scheduled, with priority given to the local Babe Ruth baseball organization. Otherwise, all facilities are available for use by the public on a first-come, first served basis.
- Grindstone Run Park This park is located about two miles west of Town on the south side of Monument Road. It has several picnic tables and a small pavilion. There is plenty of surrounding level, grassy, ground. This is a great location for a family or small group picnic.
- Doubs Meadow Located in the floodplain between U.S. 40, MD 17, the Post Office, and Middle Creek, this land is planned for development with active recreational facilities within the next few years.
- Trolley Park (on Main Street across from Ross General Store) Facilities in this small park in the center of town are limited to benches.
- Ashley This undeveloped park south of Ashley Court and east of Ashley Way consists of 8 acres of steep slopes covered by heavy undergrowth that go down to ten acres of heavily wooded floodplain along Catoctin Creek.

Community Center

The town building on Harp Place was formerly the Myersville school. The lower level houses the Town Clerk's office, which occupies a former classroom. Also on the lower level is the former cafeteria/multipurpose room, which is used for most Town meetings. Former classrooms on the second floor are used by local scouting organizations and the Town Planning Commission.

Community Center rooms are available for use by local groups or individuals at no charge on a first-come, first-served basis, provided that it does not interfere with use by the Town. You will be expected to return the room to its original condition when you are done, and will be liable for any damage done to Town property. Call 301-293-4281 for more information or to reserve a room.

Lushbaugh Way • Myersville, Maryland 21773 • 240-236-1900 • 240-236-1901 fax • www.fcps.org

WELCOME

YERSVILLE ELEMENTARY is atop the western ridge of the Catoctin Mountains, at the end of Main Street in a small-town community just off of Interstate 70 As our staff, students and friends enter the building, they are treated to what some say is "the best view in Frederick County"

Inside, visitors find a dedicated staff, most with an average of 20 years of experience, to educate and support our students. The teachers, support staff, students and parents work to achieve the Myersville Elementary mission: "Learning to be the best we can be."

During the school year as a part of our quarterly *Character Counts!* assemblies, we recognize students for good attendance and demonstrating the six *Character Counts!* "pillars:" trustworthiness, respect, responsibility, fairness, caring and citizenship.

Myersville Elementary is proud of our Bright Start program to get children in the community ready and excited for learning. Through periodic presentations at the school, we provide parents with information about child development. Children receive a birthday card and developmentally appropriate book on their birthday every year from birth through enrollment in kindergarten. Bright Start reaches 150 families. This program is a great way to assure that our children and parents are off to a good start in learning and literacy.

Our school radiates warmth and pride because of its dedicated, welcoming staff, strong community support, active parental involvement and eager-to-learn students--always "learning to be the best we can be" here on the western edge of Frederick County.

Mark Pritts, Principal
